PERSONAL PROFILE

As someone who enjoys finding solutions to big problems, software development was an obvious path, when I decided to switch careers from accounting to web development. I have just finished an immersive 500-hour full-time coding program where I was learning and practicing the fundamentals of frontend and backend web development, including object-oriented programming. Being a fast-learner and a resourceful individual, I am confident I can start adding value to any agile team that provides custom software development services to high-impact organizations.

WORK EXPERIENCE

Director of Enrollment - Sales Closer Freelance - 2018/2019

Negotiated and closed high ticket sales over the phone on behalf of world-class digital influencers, like London Real. Co-led Dan Lok's online community of +4500 sales students.

Senior Accountant Vistra Luxembourg - 2016/2018

Recognized as the go-to-professional for any management software issues. Exceptional ability to convey technical issues to stakeholders. Delivered accounting & tax projects to private equity clients. Coached staff members.

Finance Manager Concilium Luxembourg - 2015/2016

Juggled several business projects at once while paying attention to detail and company policies. Delivered financial & tax reports to private equity clients in a timely manner. Drafted the manual of admin & accounting procedures

Active Career Break Freelancing Mum - 2011/2014

Period spent looking after my offspring, furthering my education, building a premium concierge services business, planning events, and helping a tech startup in formation.

Financial Accountant Swiss Re Luxembourg - 2008/2010

Developed my logical skills through gathering, analyzing and interpreting financial data on a regular basis. Used maths daily to quantify, calculate and identify variances. Delivered accounting & tax projects to eight investment companies.

External Auditor KPMG Audit Paris - 2007/2008

Enhanced my ability to deliver projects with service excellence and within a very short turnaround time. Developed multicultural team work and leadership skills.
